To whom it may concern,

I would like to take this opportunity to recommend Kenton Pass Construction and Company.

Kenton Pass Constructed an addition on the back of my home. The addition is 280 square feet, and it blends perfectly with my existing home. No one would ever know it was not built with the original home. This was very important to me, and Kenton accomplished this in an exceptional manner. He was well within the budget and met all timelines.

No job is too big or too small for Kenton; he is a perfectionist in every task he undertakes. His ideas and suggestions are very helpful, and he really knows how to make things happen.

Kenton's subcontractors are very talented, courteous, timely and neat. They cleaned up daily and kept my yard and surroundings immaculate.

I would not hesitate to call on Kenton for any future home improvements. Please feel free to call me and discuss the fine workmanship of Kenton Pass and Company.
