Dear Kenton:

We want to thank you for the wonderful work your company did for us on our home remodel. We thoroughly enjoyed working with you and Ricky, and will continue to recommend your company to other homeowners.

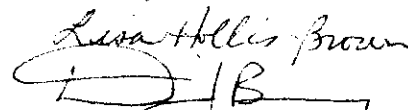

Our new kitchen is a dream, and has everything we wanted. We also love our new master bathroom, which has plenty of room for two, and is just perfect for our lifestyle. Ricky was instrumental in picking out all of our finishings, and we often receive compliments from friends and neighbors on the remodel.

The remodeling required many decisions; we appreciated that you always involved us in the decision-making process and kept us informed of the progress on the work. You were always available to answer our questions, and you provided us with options when choices needed to be made. When challenges arose, as they always do with remodeling, your accessibility, professionalism, and experience made the process go more smoothly.

We were especially grateful for your patience with our creative financing plan and all of the extra paperwork that it entailed for you. You were always willing to work with us, without complaint.

Throughout the whole remodeling process, we felt that our satisfaction was your priority. We love our "new" old house, and plan to make it our home for many years. We are enclosing some photos, in case you would like to share them with future clients. Thanks again for a wonderful job!

Sincerely,
