Dear Kenton,

I cannot thank you enough for your timeliness, thoroughness, and absolute professionalism regarding my siding repair. As you know, I was under a deadline and was almost in 'panic mode,' but thanks to you and your wonderful team, the work is done and done to my own high standard. I can now rest easy and continue with the things I need to do in order to move. Again, thank you so much for all you have done for me as I most sincerely appreciate it!

Respectfully,

Theresa M. Giarratano
