Re: 2515 Parkview Blvd-Project

Dear Kenton:

I wanted to take this time to thank you for all your assistance for the construction work and planning you assisted me and my sister Laura Rasmussen with in May of 2007. Your hard work and dedication did not go unnoticed.

Needing a "do it all" contractor, and being from California and not knowing anyone in the business of Colorado, I needed assistance in getting work done for my sister's home in Colorado Springs in the short time I was there visiting. I had no idea who to use and where to begin looking for an honest and qualified contractor. I found one in you and your company.

When you first came out to my sister's residence, you assessed all the projects that needed to be done and handled getting all the proper contractors to do each job. Each contractor did an excellent job in a timely manner and kept us informed of their progress. When I returned back to California prior to all of the construction being completed, I knew you would ensure all construction was finished to my sister's satisfaction and at a fair price as well.

Also, many thanks to Janna for calling and keeping us informed as to the progress of each project on the house.

Kenton, it is easy for people to write a complaint letter about contractors and what they did wrong, but seldom do they take the time to praise a contractor, and I felt you needed to know how much we appreciated all your assistance. I would be happy to recommend you and your company to any future customers.

Very truly yours,
Marlene Clark
