To Whom It May Concern

RE: Kenton Pass

Dear Sir/Madam,

This is a letter of recommendation for Kenton Pass. Kenton modified our garage to provide for a laundry room. Even though this would most likely be considered a small renovation, Kenton devoted the time and energy as would be expected on a larger project. I received periodic updates concerning the construction process. He also kept my wife or I informed of the day and times that subcontractors would be performing their work. It should be noted that the subcontractors were not only personable but tidy as well. There was not one occasion when the workmen did not clean up after they had performed their work.

The final product was very satisfactory and met our expectations. I would definitely recommend Kenton and will utilize his services should we perform additional construction on our home. Kenton was very professional in the manner in which he approached this project. The fact that he continually communicated with my wife and I was not only reassuring but facilitated our understanding of the construction project.

Should you have any questions concerning this recommendation, please do not hesitate to give me a call.

Sincerely yours,

DOUGLAS A. WEDDELL
